Final 8th Grade Graduation Plans

January 18, 2019

Dear 8th Grade Parents/Guardians:

At the beginning of the year, after receiving multiple requests from students and parents for something different this year, I set-up a trip for our students to go to Washington D.C. instead of traditional graduation activities. This idea was originally met with excitement.

During the past weeks, however, those sentiments changed as I started receiving requests to modify the trip as the overall cost was too high and would limit the amount of graduation activities the students could provide for themselves. The students made a suggestion and I have been able to make necessary arrangements. Please understand that there will be no additional modifications for this year's activities as we are already halfway through the school year.

Please see the chart below for the new information.
